INSPIRE CHANGE IN LIFE

*The word “zinzino” means
a small piece with great value.*

*To us, you are of infinite value.
That is why we are on a mission to bring
out the very best in all of us.*

Inspire Change in Life

Science and Technology
are developing at the
fastest rates in human
history.

At the same time,
health-related problems
are increasing

It's time to **ask why?**

We used to eat food **from mother nature**

Full of vitamins, minerals, phyto- and micro nutrients, beta glucans, fibers, healthy fats and a good balance of Omega-6 and Omega-3.

Today we eat **man-made food**

*Lower nutrition density, high in sugar, many empty calories,
low in fibers, less healthy fats, and with an imbalance between
Omega-6 and Omega-3.*

Knowledge is power.
And peace of mind.
Your journey to
awareness begins with
one drop of blood.

Did you know that a single drop of blood contains more molecules than there are grains of sand in the Sahara Desert?

Our dried blood spot test gives you the hard facts on the current state of your health and what nutrients your body is missing.

How to get back in balance?

Our formula is a true force of nature.
And olive oil is the game-changer.
That's why BalanceOil+ is closer to
oily fish than fish oil.

By combining pure fish oil with extra virgin olive oil from pre-harvest olives, the Omega-3 nutrients are kept fresh and potent with the same powerful antioxidants naturally found in fish.
